

Introduction:

LEA: Summit Public School: Shasta Contact (Name, Title, Email, Phone Number): Caitlyn Herman, Executive Director, cherman@summitps.org , 415-799-4719
LCAP Year: 2016/2017

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: *degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)*

Implementation of State Standards: *implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)*

Course access: *pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)*

Expelled pupils (for county offices of education only): *coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)*

Foster youth (for county offices of education only): *coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)*

B. Pupil Outcomes:

Pupil achievement: performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

Other pupil outcomes: pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

C. Engagement:

Parental involvement: efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

Pupil engagement: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA’s process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA’s engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate "all" for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Actions/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
- 3) What are the LEA’s goal(s) to address state priorities related to parent and pupil “Engagement” (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA’s goal(s) to address any locally-identified priorities?

- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA’s goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA’s budget?

Attracting and Retaining Highly Qualified Teachers: Summit invests significant employee time into a robust hiring process to ensure that all teachers are best fits for the school and the students. Additionally, there is a significant credential audit performed every year to ensure that all new and returning teachers are appropriately credentialed, and to ensure that teachers are accurately informed about the requirements for keeping their credential current. Summit Public Schools will have 100% of their core subject, college preparatory teachers be state defined highly qualified teachers, or will have expanded recruitment and retention programs to reach that goal in the future. <p>Extended school day: All school work is completed electronically via a number of different online platforms. Students can access these platforms at home and at school both for remedial work, to stay on-track, and to get ahead. This puts low-income students at a disadvantage due to reduced access to technology and internet access outside the school. To bridge this divide, increased access to curriculum, technology, and internet before and after school is provided to students. Common Core Common Assessment Plan: Summit implements a common assessment plan across schools. This plan includes Common Core aligned projects and content assessments that teachers collaboratively plan, edit, execute, and provide feedback on. Through the planning process, teachers gain greater understanding of the Common Core and are able to guide students to proficiency more fluidly. The work that students do as part of the common assessment plan is more authentic to real world skills, enabling them to better meet Common Core proficiency standards. Teachers have set aside time to become familiar with the parts of the assessment plan, as well as time each week dedicated to improving the projects and content assessments - enhancing projects, customizing projects for their students, correcting faulty assessment questions, and building challenges and enrichment into the curriculum. To support students in achieving this goal:

1. Mentors: the student mentor provides the first line of support, coaching students and their families through the application process. More information about the mentor program can be found later in this document.

2. Assistant Director: The Assistant Director of the school knows all the students and provides additional support in areas that the mentor may be unfamiliar with. The AD also provides training for mentors, helping them to understand and recognize common pitfalls and major deadlines. The AD also runs college information nights for both students and parents, including providing computer access to families without a computer at home, providing information for non-English speaking families, and providing extensive financial aid information and assistance for families.

3. Director of College Readiness: The Director is an expert on the college application process and the college transition process. She supports the Assistant Director of the school by keeping her eye out for overall trends in college admissions and financial aid, training the AD and the mentor on the college process, and helping ADs to plan and implement college information nights. The Director also works with the College Readiness program.

Identified Need :	Research shows that students with involved parents are more likely to: 1) earn higher grades and test scores, 2) pass their classes, 3) attend school regularly, 4) have better social skills, and 5) graduate and go on to post-secondary education. Because of the importance of parents engaging in their student's education, we encourage parents and faculty to be partners in supporting our students and our school. Our parent survey results indicated that we have opportunities to improve in providing paths to parent leadership, communication between parents and teachers, and our parents' understanding of their student's academic experience and how to support their success.

Identified Need :	Ensuring all students and community members feel safe at school is important to creating a positive and active learning environment. We also need to create a respectful and nurturing school climate to facilitate healthy relationships among both students and faculty as well as allow our students to be their best selves. The semi-annual YouthTruth student survey showed that while the majority of students do feel safe at school, there is still room for us to improve the environment at school, including student-faculty relations, discipline policies, and student-student interactions.

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Summit Reads: Summit Reads is a daily period devoted to improving student literacy. Students who are at grade level in literacy are required to read independently for the period with a weekly check-in from their teacher. The design of the program frees teachers who are most proficient at literacy instruction to target the highest need students in an intensive small group setting, such as EL students. What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or	We believe that underlying our students' performance on our college readiness metrics are the habits of success, including academic mindsets and emotional intelligence, that support a student in engaging with all of their school activities. Because of our performance on last year's metrics, we are adding a dedicated role of Community Teacher who will improve our instruction of Habits of Success by improving the backwards planned curriculum and focusing their efforts on this growth. We also notice a need in our attendance and truancy outcomes and are looking to improve parent communication and mentoring related to attendance		

changes to goals?	<p>habits.</p> <p>We are continuing to improve our professional development for project time teachers, including our coaching program. As our school grows and adds 12th grade students, we will build in more opportunities for teachers to support students on the college process and on the external assessments related to college readiness and admissions.</p> <p>Based on our performance last year, we lowered the “EL Students reclassified to English Proficient,” and “School absenteeism rate” metric to a more realistic target since it was a new measure that we did not previously have a historical trend on.</p>

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?		<p>We notice in our parent survey data that our largest growth area is parents feeling that their input is incorporated into school decisions. We hope to utilize our parent organization to build out parent leadership roles that can more authentically contribute to key events and decision points next year. We also hope to utilize the new Office Assistant role to increase communication with families and provide more opportunities for parents to volunteer at school.</p> <p>Based on our performance last year, we lowered the "Parents responding positively to "My student's school uses my feedback when making decisions" on parent survey ," and "Parents responding positively to "I understand how to interact with my student's Personalized Learning Plan (PLP)" metric to a more realistic target since it was a new measure that we did not previously have a historical trend on</p>

Restorative Justice Training: In an effort to make our discipline processes more equitable and have greater impact on the students affected by behavior issues, Summit has moved to a restorative justice model of discipline, and all teachers need to be trained on facilitating restorative justice properly. All teachers will receive training during site professional development days and we will have professional development calibration during February professional development.	\$5,696 <u>Source:</u> LCFF Base, LCFF Supplemental & Concentration <u>Exp Code:</u> 1000-1999: Certificated Personnel Salaries	Implemented as described.	\$5,872 <u>Source:</u> LCFF Base, LCFF S+C <u>Exp Code:</u> 1000-1999: Certificated Personnel Salaries

<p>Emergency Plan Project: To ensure the physical safety of students, the school leaders and teachers will seek input from professionals in devising a comprehensive safety plan to address a variety of emergencies and situations. All new faculty, as well as any support personnel or contractors who are frequently in the school, will be trained in these procedures. A safety committee will be formed, including members of the operations team, the HR team, the facilities team, and school faculty.</p>	<p>\$4,637 <u>Source:</u> LCFF <u>Base Exp Code:</u> 1000-1999: Certificated Personnel Salaries 5000-5999: Services And Other Operating Expenditures</p>	<p>Implemented as described.</p>	<p>\$2,694 <u>Source:</u> LCFF Base <u>Exp Code:</u> 1000-1999: Certificated Personnel Salaries 5000-5999: Services And Other Operating Expenditures</p>

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>	<p>The addition of a dedicated Culture, Habits, and Community Teacher will add to the resources we are devoting to developing students' sense of identity and belonging. This increased focus will help students feel comfortable being themselves at school as the teacher builds an environment of acceptance and belonging. In addition, it will provide another adult that students know very closely at school.</p>		

In order to improve in teachers' sense of safety at school, our additional training around restorative justice will give faculty members additional tools to respond to instances in which a lack of safety is perceived. In particular, the Community Time teacher will be an on-site expert to support in the implementation of Restorative Justice practices across the school site.

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	\$ <u>188,702</u>
Funds will be spent schoolwide on initiatives aimed at increasing parent engagement; improving literacy and numeracy for students; supporting high student access to college; providing more effective and increased opportunities for students to improve Common Core skills and SBAC performance; and supporting students' character development and the overall physical and emotional safety of every individual on campus. Experience and research shows that students recognize when they are being singled out, and any targeted intervention is best done in a fashion that minimizes this stigma. As such, all initiatives are schoolwide, but within all of these initiatives, a significant amount of direct attention is given to	

unduplicated students, and in some cases, the design of the initiative is meant to allocate resources to free teachers to directly address the needs of unduplicated students in separate classrooms.

- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

5.76%	%
-------	---

As many of our initiatives provide additional support to unduplicated students as part of their core structure, expansion of the whole initiative will certainly include a growth in the support for unduplicated students. The new Habits, Culture and Community course and Community Teacher role also provides more services for unduplicated students than the general populace. By and large, our students with the most gaps in their Habits of Success come from low-income families, immigrant families, and non-college-going families - families that do not have the resources to devote to helping their students to grow these habits and college skills at home. The Summit Reads and Summit Solves programs will add Tutors to enable 20-25% of intervention trained Tutors to work with unduplicated students in small group settings, while more generalist Tutors work with the general population in much larger classes. The Tutors will also increase the total number of adults on campus to support students who need additional academic intervention. Lastly, our PD work spends a great deal of focus on intervening with the most struggling students, a group that is unfortunately comprised of mostly unduplicated students.

LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

(1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

(f) “Expulsion rate” shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).
